

AWAWARENESS

Let us protect the children and their environment.

We allow safe internet browsing without consuming resources or affecting computer performance.

To keep children safe both in and out of school, we protect the community as a whole, avoiding individual exceptions which could lead to risky situations

We believed in a shared responsibility between schools, teachers, parents and IMT.

Common arguments from students seeking to uninstall IMTLazarus:

"I can't complete my homework because the app restricts my resources."

"My computer is slow; the app makes everything lag."

"My parents didn't install it, and I think it's better that way."

"I have no access to anything."
